GERMANY IS REPORTED TO HAVE DECIDED TO SIGN THE PEACE TREATY

ALLIED AIR FORCES ARE READY TO CARRY WAR INTO HEART OF GERMANY

London, June 20.—With the nights of terror when German Zeppelins and Gothas hurled bombs upon their defenseless women and children fresh in their minds, Londoners read today with keen pleasure reports of allied aerial, naval and military preparations to carry the war into the heart of Germany if the Germans refuse to sign.

The maneuvers of the monster British dirigibles R-34 and R-33 have particularly seized hold on the popular imagination and many a Londoner today echoed the wish expressed by a little cockney.

"Iope they ride over and throw a few plums down on the 'uns in Berlin."

There are evidences of an overpowering aerial mobilization on the Rhine. The R-33 is ready to start for Kiel and the R-34 which was made ready for the flight to America, has been describing great circles over the North Sea. When she flew along the coast of Denmark, Danish airmen flew out from Copenhagen to greet her.

Two British cruisers and nine destroyers have arrived at Copenhagen en route for the Baltic and the Immington and other naval vessels are reported enroute to lay the blockade of Germany, if the decision taken at Weimar is unfavorable. The loading

of vessels destined for Germany has been stopped. Mine layers and mine sweepers have been recalled to duty. Marshal Foch, according to Paris reports, has received from the allies sole charge of all relations with Germany beginning with the expiration of the ultimatum next Monday night. This is taken to indicate that no further concessions will be granted. It is believed that Foch's command extends to include the Czechoslovak, Rumanian and Polish armies.

Little wagering is going on in London over the decision to be taken at Weimar. Says the Daily Mail:

"Not a single tout is even able to give 'feed box' tips on which betting is possible in today's greatest gamble."

Lloyds and the Royal Exchange are silent when asked for odds. Likewise the brokerage houses, usually willing to wager on anything are shy. Even at the hotel Savoy bar and in the sporting clubs the only wagers are bottles of champagne, drinks or small sums at 10 to 8 that Germany will sign.

One Londoner who has frequently risked thousands on the word of a stable boy, put it this way today:

"I'm afraid of the shifting decisions of the big four. Who would bet on a race where there was no dope?"

ARMY SUPPLIES BURNED TO SAVE HANDLING THEM

Washington, June 20.—Congressional investigation of war-time expenditures of the War Department was opened yesterday with Sergeant Charles B. Malcolm of Company L, Twenty-third Engineers, who has just returned from France, testifying that he personally had seen large quantities of government property, both old and new, wantonly destroyed by fire.

"The only apparent explanation for burning this property," said Malcolm, "was that the salvage officer did not care to sort the equipment." Malcolm's testimony was given before the Foreign Expenditures Subcommittee of the special House Committee of Foreign Affairs. The full committee decided today to begin its hearings next Monday, with Brigadier General Lord, Director of Finance in the War Department, as the first witness.

The fire was started last March, and burned for about a month, Malcolm said, adding that in the last week of the month he saw about 700 pairs of new pants, 500 rifles in good condition, 25 unopened boxes of small arms ammunition, 800 pairs of old and new rubber boots, 200 leather holsters and ten carloads of hay destroyed.

Malcolm said he and members of his squad reported the fire, which was on a road midway between Souilly and Ippécourt, to Captain W. L. Clark, commanding the Fourth Battalion of the Twenty-third Engineers.

"Did the burning cease?" asked Mr. Flood, Democrat, of Virginia.

"It stopped shortly after we made the report."

In concluding his testimony Malcolm presented a copy of the report, which he said was addressed by him and four privates of his squad to Captain Clark, which said in part:

"During the past week, from March 24 to March 28, Private Charles W. Seymour, having had charge of road work at this point, has seen from five to ten trucks each day back into the edge of the fire at this point and the goods with which they were loaded thrown into the fire. The other men (Privates Thomas C. Johnson, L. A. Neuland and W. T. Gardner) have witnessed at various times this wholesale destruction of property. This destruction by fire has been going on for about a month."

Malcolm, whose home is in Perryman, Md., said he was employed by the Interstate Commerce Commission before his enlistment and would return to work after his discharge from the army tomorrow.

GERMANY WILL NOT SIGN, SAYS NEWSPAPER

Geneva, June 20.—The Journal de Geneve says it has received information from a reliable source that Germany will refuse to sign the treaty in its present form and will so inform Clemenceau on Monday, or fail to make any reply.

Despite this newspaper statement, the Swiss are betting 2 to 1 that Germany will sign.

Paris, June 20.—President Wilson received the news of the overthrow of the Scheidemann ministry while he was at the Hotel Crillon, this forenoon, conferring with the American peace delegation. He regarded it as an indication that the Germans will sign the treaty.

The president told the delegations that if the Germans sign, he will leave for America on the same night. If they refuse, he will leave a day or two after their decision is made known.

COURT DECIDES WETS HAVE RIGHT TO CALL FOR A REFERENDUM

Columbus, O., June 20.—If the decision of Judge E. B. Dillon in the Franklin county common pleas court to the effect that the people have a right to approve or disapprove of the legislative ratification of the federal dry amendment by a referendum vote at the November election, is upheld by the higher courts, the decision is of nation wide importance. Liberal interests have pinned their hope of defeating the national prohibition amendment in the states where the initiative and referendum laws are in effect.

Judge Dillon, in his opinion, holds that the terms "legislative" means that body or bodies in which lie the full and final expression of the will of the people.

The object of the wets is to secure a reversal of the action of the legislatures in ten of the 14 states which have a referendum law. This is necessary in as much as 45 states have ratified the amendment. If the decision of Judge Dillon stands, it is said, the same fight will be made against suffrage.

Judge Dillon, in his opinion, holds that the terms "legislative" means that body or bodies in which lie the full and final expression of the will of the people.

The Dillon decision came in the case of George S. Hawke, Cincinnati, against Secretary of State Harvey G. Smith, seeking to prevent the placing of the referendum on the ballot. The court practically threw out the Hawke suit.

EBERT WILL REMAIN IN OFFICE WHETHER HUNS SIGN OR NOT

Copenhagen, June 20.—President Ebert will remain in office whether Germany decides to sign or declines to sign the peace treaty, said a dispatch from Weimar today.

Count Von Bernstoff and Baron Richthofen are being named as likely choices for foreign minister in a new German ministry. Either Bernstoff or Richthofen would then head the new German delegation that would go to Versailles to sign the treaty.

A delayed dispatch from Weimar says that it is believed the new government will be headed by Erzberger or Richthofen, with Mueller, Noske and David, members of the present cabinet, holding portfolios, and the independent socialists refusing to join, thus evading responsibility for the signing of the treaty.

Judge Dillon, in his opinion, holds that the terms "legislative" means that body or bodies in which lie the full and final expression of the will of the people.

KING LIKELY TO RETAIN ORLANDO MINISTRY IN OFFICE

Rome, June 20.—King Victor Emmanuel is unlikely to retain the Orlando ministry in office, following the overwhelming vote against Orlando in the chamber of deputies yesterday. Signor Luzzatti and Signor Tittoni are being mentioned as probable successors of Orlando.

A popular demonstration in favor of Orlando occurred in the streets of Rome last night, following the fall of the ministry. The crowd shouted: "Viva Fiume," and "Down with Giulitti and Nitti."

Giolitti and Nitti are among the Socialist leaders, who were among Orlando's most bitter opponents.

London, June 20—(3:30 p. m.)—It is reported that Germany has decided to sign the peace treaty.

A prominent political leader who is in close touch with the German cabinet declared today that Germany is certain to sign.

The Hague, June 20—The German cabinet, headed by Premier Philip Scheidemann, is reported to have resigned at 1 o'clock this morning. A new cabinet has not yet been formed.

It represents chiefly the Rhine districts, the Catholic districts of Prussia and the southern provinces likely to be the first to feel the effects of allied military occupation; and its constituency is made up of industrial workers and small farmers.

Its leaders are Dr. Mathias Erzberger, chairman of the German armistice commission, and a member of the present cabinet, Dr. Peter Spahn and Baron Geo. Von Hertling, who held office as chancellor of the empire for a brief period.

By WALTER JOSEPH DELANEY

(Copyright, 1919, by Western Newspaper Union.)

About once a year Nancy, wife of Aleck Forbes, had "a tantrum." Looking back over a full decade, Aleck could recall many of these fitful spells. For a day or two, Nancy was unmanageable, complaining, nagging. Suddenly the spell would disappear and Nancy would be "good as pie!" She never expressed penitence, and the renewed sun of her graciousness made Aleck forget to ailude to her spasms of ill nature.

"I don't dare to face her!" he groaned. "She's due for her regular outbreak. If not, what I have done will hasten it. Oh, dear! The loss of the two hundred dollars worries me, but when I think of what Nancy will say about it I'm scared!"

This had happened: Aleck had collected two hundred dollars. Nancy knew all about the transaction and was to have half of the sum to buy a new set of furniture. About four o'clock Aleck had come home, found her absent and had loitered about town.

Returning, he had made an appalling discovery. He had lost the money! Hastily he retraced his way but found no trace of the missing roll of bank notes. His heart sank to his boots. He dared not face Nancy. A new suggestion came to him. He would take the first train for Adrian, where lived a brother who might loan him two hundred dollars, but the last local for the day was gone when he reached the railroad station.

As he passed the village garage he recognized a farmer just ready to start out. The man could take him as far as the cross roads, four miles from Adrian. The automobile was an open roadster, the evening was chilly and Aleck had felt his chronic hoarseness coming on by the time he reached the cross roads. He was stiff and shivering as he started on his long walk. This side of Adrian, about two miles, Aleck made out the lights of the little town of Leesville. He started a short cut in the dark, got mired in a swampy stretch, fell over a great log and lay insensible for nearly half an hour.

When Aleck regained consciousness he could not find his hat, he limped from a sprained ankle, he could feel a great abrasion on one side of his face and, a thoroughly wretched and nerve-racked being, he reached the road to be nearly run down by an automobile containing some wild spirits bound in the opposite direction. He had not proceeded half a mile when he came across a hat, evidently blown off the head of one of the hilarious crowd. It was a soldier's hat, with the regulation band about it. Aleck was glad to put it on. Then he made for the gleaming village lights. With chattering teeth and shaking limbs he made for a brightly lighted room at the rear of what seemed to be the town billiard parlor. Half a dozen young fellows stared at him as he bolted in upon them, craving warmth and well nigh exhausted.

Aleck must have fainted away, for when he again opened his eyes some one was pouring a powerful stimulant down his throat. A sense of rare relief and comfort came over his benumbed consciousness.

"He's a soldier," spoke an unsteady voice, "you can see that by his hat. Say, fellows, our expected chum from the front hasn't shown up. We'll show the honors of war to this hero, eh? Here, old fellow, we're going to banquet you. See? Up to the groaning table with the victim," and Aleck was carried to a chair before a bewilderment supper layout. He tried to speak. He could not. Only a hoarse monotone responded to the effort. His old ailment was upon him, he had temporarily lost his voice.

"Hey! give me a text for a speech," nudged the lively young fellow beside him, amid the jangling of glasses. "Voice gone, my friends, evidently from exposure in the trenches. Here, write something," and given pencil and paper, Aleck wrote:

"Treated rough."

"Ah! my friends," cried the orator grandiloquently, "they treated him rough over there!"

"Lost in a swamp, crippled!"

"Think of his sufferings in behalf of his beloved country! He's getting another chill. Prime him up with another dose!"

Now Aleck could never remember how he got back home, but, carrying the banquet bouquet, he entered the house the next morning. Nancy stared at him, astonished.

"Flowers for you," croaked Aleck. "You've been drinking!" said Nancy seriously.

"They poured it down me. I wasn't responsible. I lost that \$200—"

"Well, I found it in the kitchen. I've taken my share, yours is in the cloak. Now give an account of yourself."

It sobered Aleck. It delighted him to hear the merry laughter of Nancy as he detailed his adventures.

"So you were afraid of me!" she said. "Well, after this, when I feel a spell coming on, I'll go and stay with my sister 'till it's over." You poor man! To fall in with that bulibous crowd of reckless roisterers. You must sign a pledge as an evidence of good faith, and next time you feel afraid of me come and tell me your ridiculous story over again, and its very funniness will make me good natured!"

GIVES PARTY HONORING NEWLY WEDDED PAIR

Miss Almeda Allen was hostess at a charming little dinner party at her home on West Third street Thursday evening, honoring Mr. and Mrs. Fred Schultz (Helen Manor) whose marriage was a recent event.

The house was prettily decorated in pink and white. Dorothy Perkins roses were used about the rooms and as a center piece at the dinner table. Pink candles in crystal holders helped carry out the color effect and the favors were bride's roses.

A delightful four course dinner was served by Miss Alice Rutan and Edna Mae Miller. The bride's cake, with a Kewpie atop of it, was cut by Mrs. Schultz and the traditional articles before the guests as follows: Paul Maxey, the thimble, Harry Sohn, the ring, Raymond Wilson, the button and Miss Helen Jones, the dime.

Following the dinner, the guests were entertained with music and later went on an auto ride. Those present were Mr. and Mrs. Fred Schultz, Mr. and Mrs. Harry Sohn, Mr. and Mrs. Raymond Wilson, Miss Helen Jones, Mr. Paul Maxey, Mr. Fred Mitchell and Miss Allen.

RETURNED VET
GETS CHASED
OFF THE PLACE

Lincoln, Ill., June 20.—Private Ernest Parcenski returned home from France to find himself almost an outcast. He came in the stillness of the night. It was to be a glorious surprise, as he had preceded his arrival with no word.

At 2 o'clock in the morning Ernest tapped at the door of the Parcenski home. No response. He pounded. "Get away from there," bawled an angry voice from above.

"It's Ernest! Let me in," remonstrated the over-zealous youth. Bang! went the window and Ernest didn't get in.

Another family had moved into the Parcenski home during Ernest's absence. He had not been informed.

But a happy thought struck him. The family grocer would know where the Parcenskis lived. He applied and they directed him to the new Parcenski home.

"Gettin' chased off the place is a fine homecoming," he mumbled when the folks let him in.

WAR HERO TAKES LIFE.

Lynn, Mass., June 20.—Louis Chris- toms, veteran of the war, gassed twice and wounded three times unable to locate his sister and brother in Lynn, committed suicide by drinking carbolic acid in the Lynn hospital. The local council of the World Veterans of the Great War will defray the man's funeral expenses.

Mrs. Anna Pierce and her granddaughter, Miss Thelma Hurst, are visiting Mrs. Rena Howard in Columbus. Mrs. Howard is a daughter of Mrs. Pierce.

Rev. L. E. Mathias will lecture at St. John's A. M. E. church Friday, June 20th, 1919, on the most striking incidents of the World War in France.

Lightning struck and killed a large valuable cow Sunday evening for Mr. M. D. Flack. His son, Sergt. John T. was standing near by with an iron wrench in his hand, the force shocked him and threw his hand around to one side. He says he never came as near being killed by the Germans in France as by this.

Don't forget the Tull E. Brown recital tonight at Zion Baptist church at 8:30.

Miss Mary Lee Smith, Miss Ruth Calender and Lorena Baker left Tuesday to visit in Kentucky a few weeks.

Mrs. Maria McCann is quite ill following a slight stroke of apoplexy and other complications. She has been sick since last Monday and for most of the time has been in a semi-conscious state.

YE OLDE TIMES

Time was when we of mortal ken, sensing the thirst that visits men, knew full well how to quench it; we'd hie us to a cool cafe, and out of mugs today passe, we'd find the brew to drench it. We found being thirsty not so bad, since good cold beer could be had, with which to damp our flues; we'd travel to a bar nearby, ignore the clock while time did fly, and think our fill of booze. Now history tells a different tale, and adds a sorrow to life's vale, because the brew's departed; no more we tip the flowing bowl, nor pass the bar room banter drole, which booze has often started. The cranks have wiped away the brew, they had no thoughts for me or you, because they didn't drink it; I'd long to stand them to a wall, and shoot each one and watch him fall—but all I do is think it.

Thin Edge of the Wedge.

Frayed Phil—“Dis paper says deys quite a lot of people dat thinks it's unlucky to begin any work on Friday.” Wreary Walker—“Well, dat's encouraging.” Mebbe after er while people will be dat sensible about every day er the week.”

PRISONERS BRAVE HAIL OF BULLETS AND MAKE ESCAPE

Taking advantage of the temporary protection afforded by several wagons along the road, Henry Proctor and Elsworth Wenderly, work house prisoners, escaped from a gang of prisoners coming in from the city sewage farm, at 11:20 o'clock, Friday morning.

The men ran through the Dick Gallop place, pursued by Guard Mangan, one of the guards with the prisoners at the time, but they made their escape. Later, a search instituted by the guards, assisted by the police department, failed to reveal the hiding place of the men.

Henry Proctor, colored, was sent up from Xenia on a charge of petit larceny. Elsworth Wenderly was serving time on a charge of assault and battery, being sent up from Chillicothe.

Guards Pritchard and Mangan had one gang at the city farm Friday morning and Guard Huston was in charge of another gang of prisoners. When returning to the work house for dinner the first gang passed several wagons, and the prisoners darted behind the vehicles and ran away.

Shots fired at the fleeing prisoners failed to bring them to a halt.

PEACE CELEBRATION

London, June 20.—School children are to take a leading part in the peace celebration set tentatively for August 3, 4, and 5.

Gigantic pageants depicting notable scenes in English history are already being planned. Scenes from the life of the Black Prince are proposed in South London, and this pageant particularly is winning instant popularity with young England.

WOMAN ON ADVISORY BOARD

Boston, Mass., June 20.—Mrs. F. L. Higginson of Boston, heads the Women's Advisory Board for the College of Secretarial Science to be established in September by Boston University. "This is the first time any college has attempted to design courses especially for women of wealth," Director Davis said. He referred to the course in personal affairs management, designed for young heiresses and women who desire personally to supervise the management of their estates.

KEEPS THE TOWN ON THE MAP.

Few things will advertise a town and country more or better than the display of pure bred stock, says the South Charleston Sentinel.

No town could make a better showing than our own. Merritt Roberts and Roger Houston have the horses, John Myers and Will Sexton the cattle, while Oso Clark, Robert Clark and Lou Diffendall can keep up the hog end of the show. Any of them can mow a show any place.

L. C. Titus loaded hogs Monday, purchased of Scott Cheney and others. The market for hogs keeps up in such a way the buyers are all busy. Pete Whipple, who is with R. B. Gordin has 100 head contracted from the Foos farm at 20 cents, as well as 450 of G. Chase. The buyers were all willing to contract at 20 cents Monday morning, as they look for a steady market during this month.

Peter Brown, the Restaurant Man, Took the Nerv-Worth Way to Better Health.

It was a short and inexpensive way. Just a dollar's worth of this famous family tonic made him so happy and grateful that he went back to Greenamyer and Co.'s drug store and volunteered the following telling words of praise—"a free will offering," as Demonstrator Day well puts it:

Nerv-Worth Co.—I was in a rundown condition. Had stomach trouble, no appetite. Sleeplessness and a tired all-in feeling.

I have used but one bottle of your Nerv-Worth and I am greatly improved. I was formerly a very vigorous man. PETER BROWN. Colonial Restaurant, Main St., Piqua.

HOME CHILDREN LEAVE FOR THEIR SUMMER VACATIONS

Bustle and excitement attendant upon the departure of 375 children upon their summer vacations, stirred the Ohio Soldiers' and Sailors' Orphans' Home from 4 o'clock, Friday morning until noon.

The first bunch left Xenia at 4:30 for Cincinnati, to which point they were accompanied by Mr. Apgar, painter at the Home. He was at the station in the Queen City to receive later bunches arriving and to help them change cars or get to their destinations.

Mr. and Mrs. March and Ray Branen accompanied children going to Dayton and other places which are reached by changing trains at Dayton. Prof. W. A. Sackett accompanied another bunch to Toledo, Dr. Hewitt and Mr. Sheets, to Columbus; Mr. Herrick chaperoned a crowd to Cleveland, Mr. Briel to Chillicothe, and Mr. Wones to Springfield.

The younger children, who have friends with whom they can spend their vacations, may remain away from the institution until the time for the fall school term to reopen. The older children will return to the institution by July 22, and the second bunch of home pupils will then go on their vacation trips.

JAMESTOWN

Mrs. Jesse Taylor most delightfully entertained with buffet luncheon on Tuesday afternoon, for the pleasure of her honor guests, Mrs. Edwin John, and daughter, Mrs. R. L. Wildermuth and little daughter, Helen, of Columbus. Covers were laid for 22. The dining room was fragrant with the sweet scented honeysuckle and roses. Large vases of garden blossoms were placed throughout the spacious rooms and halls, adding their beauty to the cozy surroundings of the home. Mrs. Taylor is a most hospitable and gracious hostess in which her friends always find so much enjoyment.

Mrs. Rowd' Shaw and daughter, Gwendolyn, of Dayton, are the guests of her brother, Prof. D. E. Bailey and family. Mr. Shaw has not returned from overseas yet.

Miss Emma Blair, teacher in the Girls' Industrial School at Delaware, has been called to Jamestown on account of the critical illness of her sister, Mrs. M. T. McCraight. Mrs. Alma Laird of Davenport, Iowa, is also at the home.

Mr. W. F. Harper has returned from Martinsville, Ind., where he went for treatment for rheumatism, and feels somewhat benefitted.

Mrs. Blanche Irwin, who is a teacher at Wittenberg College, was a guest the first of the week of Mr. and Mrs. J. A. Carpenter.

The Jamestown Quoit club went to Milledgeville on Tuesday evening. After playing 12 games the result was again a tie, which was not played off owing to the lateness of the hour.

Mrs. A. L. Smith was a week end guest at the home of Mr. and Mrs. Ben F. Glass, near Xenia.

Friends and relatives here were sorry to learn of the death of Mrs. Earl Welles—Bertha Ritenour—who passed away at her home near Port William. Funeral services were held at the home on Thursday. Interment in the Wilmington cemetery.

Mr. Walter Shigley, one of the rural mail carriers out of Jamestown, is taking his annual vacation. His substitute is performing the postal duties.

Mrs. L. A. Smith had for her guests over Sunday Mr. and Mrs. J. R. Cassidy and two daughters, Mary Elizabeth and Jane, of Springfield.

Mr. and Mrs. Thomas Moore entertained a company of friends on Tuesday evening with a strawberry social.

Mr. and Mrs. W. H. Cole are having a 10 days' visit with relatives at Carlisle, Ky. In Mr. Cole's absence Mrs. J. A. Perry and Miss Beulah Cooper are attending to the duties of the store.

We note that Mrs. W. W. Davis of Washington C. H., formerly Mrs. Morris Baker Sharp, of Jamestown, has donated \$50,000 to the Ohio Wesleyan University at Delaware, to establish a professorship in religious education. This is the second substantial gift which Mrs. Davies has made to the O. W. U. at Delaware.

Mr. R. S. Kingsbury is a business visitor in Cincinnati.

Mr. Ernest Schmidt, who has been attending school at Gambier, has returned home for the summer vacation.

Charles Greenlease is wearing a 50 foot bandage as a result of his chainless bicycle becoming fractured the other night.

All the furniture stores of Xenia have made an agreement whereby they will close every evening at 7 o'clock.

The official report of the national convention, Corrections and Charities, was given at the home of Dr. Shapley, yesterday.

Troy Record—Ed Kelly, Springfield capitalist, who a few months ago realized \$600,000 out of \$34,000 worth of stock in the Springfield Rubber Tire Company, has purchased the Collins farm of 400 acres between Springfield and Urbana and will erect a hotel there and run a traction line to the place. He has also purchased a farm near Yellow Springs, for \$54,900, which gives color to the report that the promised line from Springfield to Urbana may be continued to Dayton via Yellow Springs. Quite a crowd of young people will go to Bellbrook this evening to attend the opening of the Bellbrook Inn. Dr. P. R. Madden, the oculist, has just added to his equipment a fine retinoscope, by which he can fit lenses perfectly and far more satisfactorily than by the old method.

A small runaway took place this morning in which Mr. Chas. Kelble's horse was slightly scratched up and the buggy somewhat damaged.

BURNING WHEAT

Wheat fields in sections of Indiana are being burned by the farmers in order to destroy the bugs which are destroying the wheat. The loss will be heavy, as many fields were totally destroyed by bugs before the burning was resorted to. Fire seemed to be the only way to stop the spreading of the insects, says an exchange.

RUSSIANS TO ANNUL BOLSHEVIK GRANTS

London, June 20.—American financiers and other persons contemplating taking a chance on making a fortune from a concession granted by the Russian Bolsheviks are hereby cautioned to "desist" and save their money. For as soon as the Bolsheviks are ousted such concessions will be declared invalid.

Here is the text of an official warning issued by Prince Lvoff, Sazonoff, N. Tchaikovsky and R. Maklakoff, former officials of a constitutional Russia, now in Paris.

"A series of reports have recently appeared in the European and American press regarding important concessions which the Bolsheviks have contemplated granting to foreigners in Russia.

The representatives of Russia deem it their duty to declare, in order to allay misunderstandings, that no agreement with the Bolshevik authorities regarding concessions or privileges will be recognized by the national authorities, and that all transactions concluded by foreigners with representatives of the Soviets will be considered null and void."

SOME FAMOUS MEMORIAL ARCHES

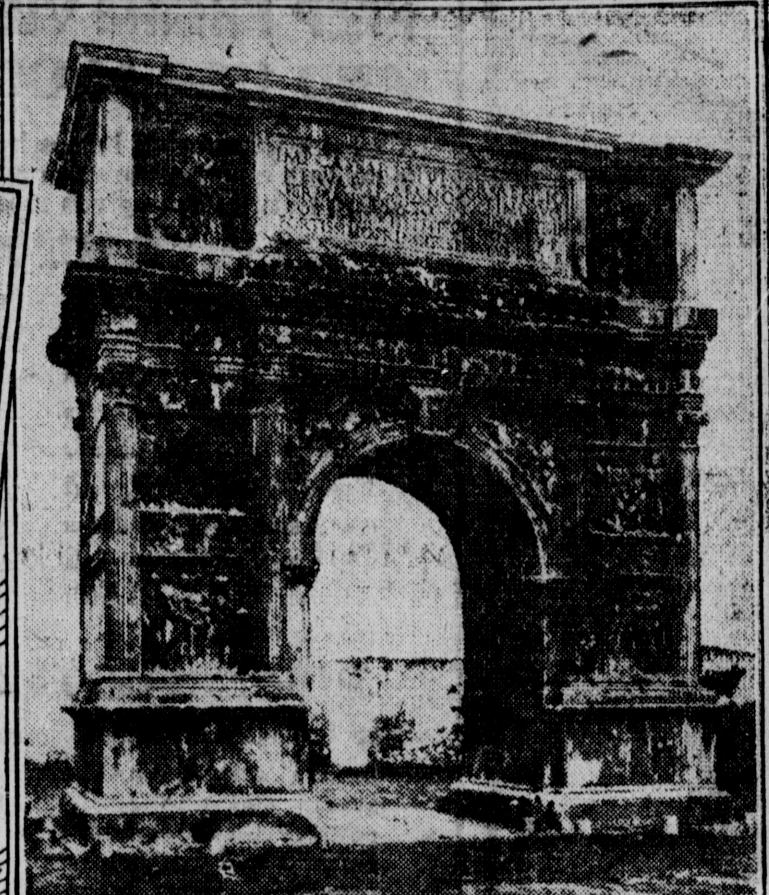

Arch erected to Washington in Washington Square, New York City, paid for by popular subscription, erected 1900-1905.

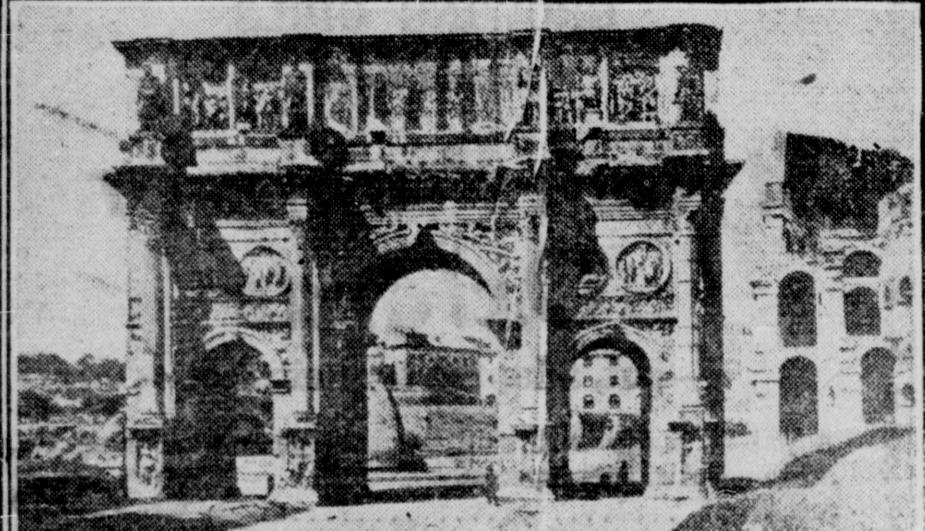

Victory Arch in Milan, Italy, known as the Arco della Pace, begun in 1806 and completed in 1838.

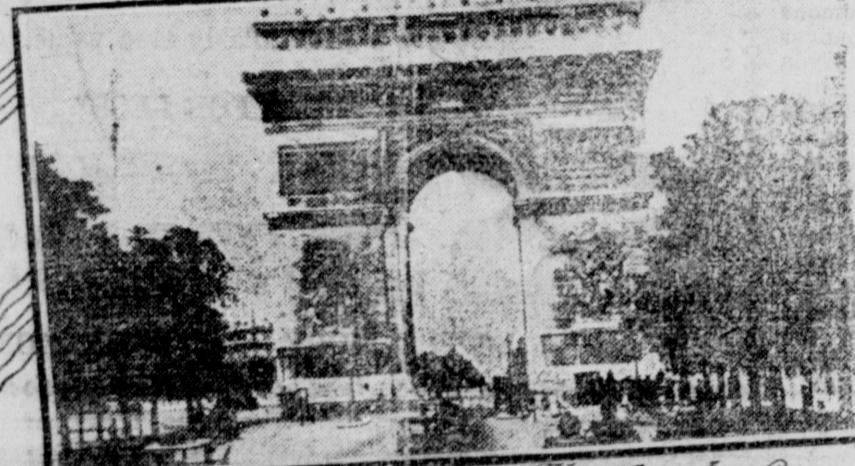

The Arch of Septimius Severus in the Forum at Rome, erected 203 A.D. in commemoration of his victory over the Eastern Parthians.

The Arch of Trajan at Benevento, Italy.

The Arch of Constantine at Rome, built 315 A.D.

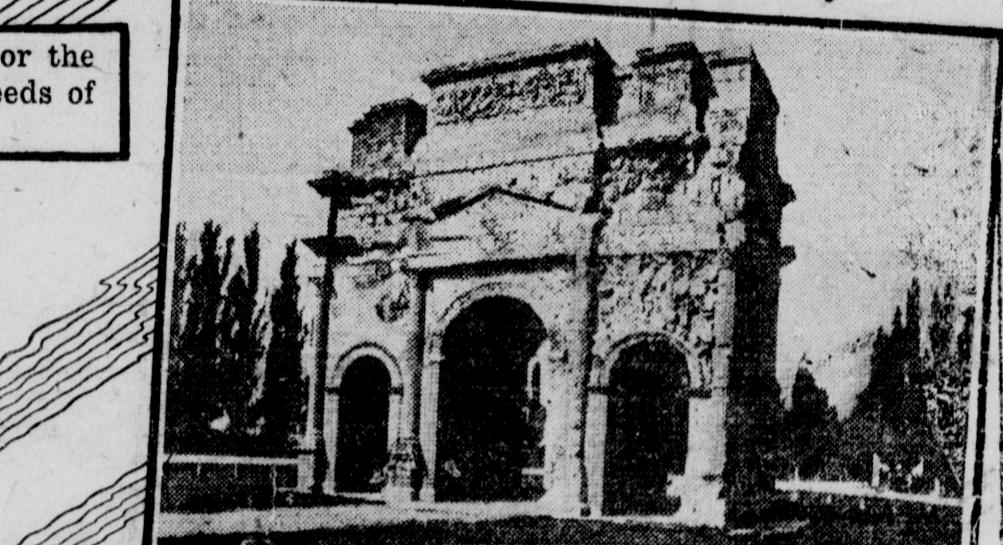

The Arch of Triumph, Paris, France, completed in 1836, commemorating Napoleon's victory at Austerlitz.

The interest in memorials is widespread; many cities and states desiring to honor the boys who fought in the great war. Here are a few arches commemorating the deeds of the past—some ancient—some modern.

Memorial Arch to the soldiers of the Civil War, Prospect Park, Brooklyn, N.Y., corner stone laid in 1892.

Triumphal Roman Arch at Orange, France, built during the reign of Tiberius.

Arch in Madison Square, N.Y., built in memory of the soldiers of the present war. This arch is temporary and will remain only until money is collected to build a permanent one.

AKRON ONE OF CITIES PICKED TO BE WRECKED

Akron, June 19.—This city is one of those picked as one of the industrial cities of the country to be wrecked by bomb explosions July 4, according to a dispatch received here from Washington. The information says the headquarters of the band of bomb plotters is in Chicago and that the largest industrial cities in the country have been picked for these July 4 outrages.

Federal agents have been at work on these plans for two months and while the dispatch does not say which factories and homes are designated, the plot is said to include manufacturing plants, residences of officials, court houses and judges.

It is thought July 4 was chosen because the noise of celebrations would for the time being cover up the explosions of bombs which are to be set off by the plotters. Another reason assigned is that the attempt will be made to desecrate the day by the implied idea that the bombers are declaring for independence of Reds, radicals, anarchists and others of the kind.

COLONEL HOUGH GIVES OUT LITTLE STRAIGHT DOPE

Delaware, June 20.—Colonel Benson V. Hough, speaking to the students of the Ohio Wesleyan University and hundreds of guests here, for the graduation festivities, said that Springfield rifles were the only guns on the western front when the armistice was signed; that there was no American made ammunition for the artillery until after the armistice was signed and that the air service was weak compared with the German.

He told of boys in the service only a month, who did not know how to load their own rifles being sent to his regiment as replacement troops.

"I want to see military training courses in universities and compulsory military training, so that if we get into trouble, our boys will have at least a 50-50 break."

agency at London, yesterday announced one of the largest land deals in Central Ohio for many months.

Senator Frank Parrett of Washington C. H., and William Stinson of Greenfield, owners of a fine farming tract near West Mansfield, have sold to W. G. Cathcart of Sidell, Ill., 1,450 acres, the consideration being in excess of \$200,000.

There are 80 miles of tile on the farms and also three flowing wells.

AS SERIOUS OFFENSE.

Cincinnati, June 19.—Totin' a gun in Point Pleasant, W. Va., is a serious offense. According to reports, C. E. McManaway, a local detective employed in guarding non-union towboat engineers, was arrested in that town and fined \$50 and costs and given six months in jail for having a gun on his person.

How Fat Folks May Become Thin

If you are suddenly becoming stout, or if you have been putting on flesh for years, the cause is generally the same—lack of oxygen carrying power of the blood. This trouble occurs mostly in men, and when over thirty, but can be easily treated and without any of the privations most fat people imagine necessary to reduce their weight. Simply go to your druggist and get a box of Phenola. Take five grains after each meal and at bed-time. Wonderful results should be quickly accomplished by this simple treatment.

Be sure however, you get the genuine Phenola. It is put up in original sealed packages, is pleasant to take and gives prompt results. Sayre & Hemp hill can supply you.

NATURE PROVIDES MUSIC FOR ANTIOTH'S 63RD COMMENCEMENT

Nature provided the music for the 63rd annual commencement exercises of Antioch college, held Wednesday, at that historic institute of learning.

Thousands of locusts, making their periodical pilgrimage to this section, after a 17 year hatching period beneath the snow and ice of winter upon winter and the grass and greenery of many summers, sang themselves hoarse from the topmost of the state-

ly trees on the Antioch campus all day long.

To one who has not visited some of the spots invaded by the locusts, it is impossible to imagine the nature of their existence. Heaps of deserted shells, from which the insects themselves have departed, cover the ground under the shade trees in the Antioch grounds and along North College street.

The insects themselves have shed their shells on the grounds or on the trunks of trees and have climbed to greater heights to pour forth their voice in song.

While only the male bugs sing, they create enough noise for all and the insects fill the air with their

chantings. The noise at first resembles the hum of racing automobiles, so monotonously steady and monotonous is it.

Holes, a half inch in diameter, honeycomb the ground under the shade trees where the bugs are thickest. It is by means of these miniature tunnels that the bug in its crystalline form reaches light and life above ground.

It was a well-attuned orchestra that filled the air with music for the commencement exercises Wednesday and one that will not play the accompaniment again for at least 17 years any way.

ROMO WORKED ONLY ON PAY DAYS—A HIGHWAYMAN

Junction City, Kan., June 20—Romero Alonso a Mexican, only works on pay days; that is, the other fellow's pay days. At least a half dozen or more of his fellow compatriots say so, and he is now lodged in jail here.

Romo had the habit, the Mexican railroad laborers said, of coming to town on pay days, holding up the Mexican laborers and making away with their pay checks. Then he vanished until the next pay day. He had no trouble cashing the checks, as one Mexican is the same as another to the average merchant.

Mrs. Anderson Collins was hostess
for the Clark's Run Social Club Friday.
It was guest day for the club,
each member bringing one guest.
There were fifty who enjoyed Mrs.
Collins' hospitality.With the practical completion of
two new houses on North King
street by A. C. Garwood, a clever and
interesting construction feat has
served to remove an eye sore and fur-
ther beautify this splendid residence
street.The two new houses have been
built on the King street front of what
was formerly the Ormsby addition,
and directly over the branch which
runs through the field. The stream
ran through a stone culvert, cutting
up the good building location, proving
an eye-sore and a discouragement to
prospective builders in that section.Mrs. Jesse Townsley was hostess
for the members of the Home Culture
Club, Tuesday afternoon.Miss Marguerite McFarland was the
guest of friends at Hillsboro last
Monday morning for Colorado Springs,
Col., where they will spend the
summer.

ings went to Dayton Tuesday to spend

service over seas.

We can safely say **Never**. Their sacrifices, their industry, their courage, their patriotism is beautiful beyond words of description. But what of the poor one who wants to help but cannot because she is oppressed by some feminine disorder. To such we recommend with utmost confidence our successful old remedy and insert following a letter from one who proved its value.

Newark, N. J.—"About three years I suffered from nervous breakdown and got so weak I could hardly stand and had headaches every day. I tried everything I could think of and was under a physician's care for two years. A girl friend had used Lydia E. Pinkham's Vegetable Compound and she told me about it. From the first day I took it I began to feel better and now I am well and able to do most any kind of work. I have been recommending the Compound ever since and give you my permission to publish this letter."—Miss FLO KELLY, 476 South 14th Street, Newark, N.J.

The reason this famous root and herb remedy was so suc-

cessful in Miss Kelly's case was because it went to the root

of her trouble, restored her to a normal healthy condition.

Lydia E.
Pinkham's
Vegetable CompoundA judge down in Dallas, Texas, has
worked out a system of affixing fines
for violation of the speed laws in the
city. The offenders draw fines on the
dollar-a-mile basis for their speed
above the legal limit. And they say
it works. A Dallas newspaper may
be quoted editorially as follows:"If putting up the cost of speeding
will stop the practice, Dallas will soon
be rid of speed hounds, for one of the
judges of this city has adopted a plan
of assessing fines of 'dollar-a-mile'
against motorists convicted of exceed-
ing the limit. At the rate some of the
Dallas speeders drive, it would
require only a few fines like that to
confiscate their cars, and it ought not
to require many confessions to re-
sult in making the street safe for the
pedestrians.The motor cars that kill and maim
people on the streets are always going
very slowly, according to the stories
told by the drivers, but the records in
Dallas show that for the first week after
the dollar-a-mile scheme was put
into effect not a single person
was admitted to the Emergency Hos-
pital suffering from injuries received
in motor car accidents, and the ab-
sence of accidents might be attribut-
ed to the high fines for speeding
and the consequent more careful
driving.The truth is, of course, that most
accidents in which pedestrians or oc-
cupants of cars are injured, are the
result of excessive speed. Knowing
this, judges are justified in taking
drastic means to stop the speeding of
cars.The people are entitled to protec-
tion from the speed fiends who make
race courses of our best streets and
highways, and heavy fines for those
who violate the laws have been found
to afford the best protection."

Celtic in Origin.

The word "Rhine" is a Celtic word,
meaning "flow", and the British Isles
form a Celtic archipelago. Glastonbury
and not Canterbury was the sacred
mecca of England, and England before
she was England was a Celtic country.
The Boyne was the sacred river of
Christian Ireland, the most political
river that flowed into the sea.T'S these little things that count. They mean loss of money out of all pro-
portion to the expense and effort involved. Many a man has worked
strenuously day after day on his farm all summer only TO LOSE
THE BETTER PART OF HIS PROFITS through carelessness inattention to
these precautions against WASTE.T is "The Stitch in Time That Saves Nine" and the truth of this old ad-
age applies strongly to the needs of the farm. A hog coop costs but
a trifle, yet such may save one pig which at present prices will at matur-
ity pay for a dozen. A machinery shed can be built for a trifle as compared
to loss sustained through expensive implements exposed to the weather.
The dairy cow responds generously to comfortable quarters and with milk
at 13 cents per quart proper shelter soon pays big dividends.Right now is the time to plan. Take a day off and see
what you really need. Buy your material now, for costs are
going up instead of down. Later on, in leisure time, with
saw and hammer, you can with ordinary help do the work
which will save what you have earned, thereby paying
handsome dividends both in money and satisfaction. Call
us by phone. Better still, come and see us. We will save
you money.THE GREENE COUNTY LUMBER
